

# Press and Media Release

November 2, 2004

## **FOR IMMEDIATE RELEASE**

### Classic Series updated by Kjaerhus Audio

Kjaerhus Audio announces the update of all the Classic Series plugins.

The Classic Series is a series of free high quality VST plugins, emulating classic effect units typical of the 70's and 80's. This series is regularly expanded and currently contains eight plugins: Chorus, Compressor, Delay, Equalizer, Flanger, Master Limiter, Phaser and Reverb.

All Classic Series plugins now have a new 2D user interface (GUI), which makes it easier to see the correct position of the knobs. An issue with graphic update on some hosts and Windows 98 has been fixed, along with other general and individual improvements / fixes.

For more information, visit the Kjaerhus Audio web site at <http://www.kjaerhusaudio.com>

### **About Kjaerhus Audio**

Kjaerhus Audio was founded April 1, 2003 by Torben Kjaerhus Larsen in Denmark. Kjaerhus Audio's main focus is designing software solutions for computer based audio processing and production. The products are developed to meet the demands of the Professional and Semi-professional (Prosumer) sound studio, and also the enthusiastic hobbyist.
